Boston: Hub of Opportunities

Located on Boston Harbor, UMass Boston's picturesque oceanfront campus is only a ten-minute drive from downtown Boston. The Massachusetts capital is home to thirty-five universities and is also an international leader in education, health care, research, tech, and finance.

City Highlights

CHINATOWN

Visit the third-largest Chinatown in the United States through the historic paifang entrance gate, a gift from Taipei.

CAMBRIDGE

A charming city across the Charles River, Cambridge is home to MIT, Harvard University, and Harvard Square, packed with cafés, bookstores, and live music.

THE NORTH END

Situated along Boston Harbor, this bustling neighborhood is known for its old-world Italian charm.

THE FREEDOM TRAIL

Walk Boston's two-and-a-half-mile journey through historic landmarks related to the American Revolution.

THE MUSEUM OF FINE ARTS

With more than 450,000 pieces, the MFA is Boston's most comprehensive collection of art. Best of all, admission is free for students.

Technology and Innovation

Massachusetts is one of the most innovative states in the United States, thanks to the presence of major tech companies, successful start-ups, and more than 100 colleges and universities. The city is also recognized as a medical hub for research and innovation.

Greater Boston is home to sixteen Fortune 500 companies, including Biogen, Boston Scientific, General Electric, Liberty Mutual Insurance, Raytheon, and Wayfair.

A CITY OF PRESTIGE

Boston is home to thirty-five colleges and universities, including Harvard, MIT, Boston College, and Tufts.

LEARN FROM OUTSTANDING FACULTY

Arindam Bandopadhyaya, interim dean of the College of Management, inspires a love of economics and finance in his students. In 2007, Bandopadhyaya helped turn an informal student investing club into course offerings, providing students with invaluable hands-on experience with investment portfolios. Originally seeded by funding from the UMass Foundation, today the Student Managed Fund courses guided by finance faculty manage over \$200,000.

Get Involved, Stay Active

Life on Campus

At UMass Boston, you will be encouraged to join student organizations, participate in competitive and recreational sports, and explore your creativity. From literary magazines and a nationally recognized radio station to a Model United Nations team, you have plenty of opportunities to make friends, stay active, and build your résumé.

- 100+ student organizations, including engineering, campus wellness, honor societies, and club/intramural sports
- 18 Division III NCAA teams
- Beacon Fitness Center includes state-of-the-art workout facilities and group classes
- Free kayaking and sailing in Boston Harbor
- Career guidance

Highlights

- Our Venture Development Center has coordinated more than \$1 billion in funding across 100+ start-ups
- 500+ companies recruit on campus
- Our prestigious research partners include:
 - Dana-Farber/ Harvard Cancer Center
 - Genzyme
 - IBM
 - New England Aquarium Sanofi

Empowering Future Leaders in Medicine

CODY, United States

As a biology major, Cody spent his 2017 summer working at a research lab for Dana-Farber/ Harvard Cancer Center. He also participated in the donor-sponsored Tufts University School of Medicine/UMass Boston Pre-Medical Enrichment Program, designed to teach teamwork and medical problem-solving to future doctors. Cody works as a part-time emergency medical technician, while continuing his research as an aspiring physician.

Pursue Your Passion

At UMass Boston, you will gain a foundation for lifelong learning. With highly engaged professors, comprehensive academic offerings, groundbreaking research opportunities, and a commitment to service and community engagement, we offer students a world-class educational experience.

“ I can engage with and learn about American culture but also experience the other cultures deeply rooted in the city of Boston. ”

— ANA, BIOLOGY, BRAZIL

Deploying Health Care in West Africa

A 2016 graduate of UMass Boston, Anny majored in anthropology and women’s, gender, and sexuality studies, with a minor in human rights. After graduation, she joined Timmy Global Health as a medical programs coordinator in the Dominican Republic.

In the summer of 2018, Anny moved to Liberia to serve as a Princeton in Africa Fellow. Anny supported Last Mile Health’s collaboration with the Liberian Ministry of Health in deploying primary-care services to the country’s remote communities.

ANNY, WEST AFRICA

“The many leadership opportunities I had as a student and the invaluable mentorship from my faculty have been defining in preparing me for opportunity.”

— ANNY, ANTHROPOLOGY; WOMEN’S, GENDER, AND SEXUALITY STUDIES, WEST AFRICA

Make an Impact

INSPIRING STUDENTS AND ALUMNI

At UMass Boston, our work transforms the lives and careers of all members of our community. Our students foster imagination, creativity, and intellectual vitality. With highly ranked academic programs and research opportunities, UMass Boston prepares you for rewarding careers in rapid growth sectors.

Our faculty, researchers, and students are dedicated to developing world-changing technologies. We are committed to bringing these new ideas to life through patents and creating start-ups to further these inventions. We partner with local institutions, business leaders, and the government to strengthen global, cultural, and economic development—completing more than 800 projects and forming partnerships with 2,000+ organizations.

Discover Your Potential

At UMass Boston, you will work alongside world-class faculty and learn how our dedication to research, innovation, and creativity leads to vital contributions to the city of Boston, the Commonwealth of Massachusetts, and beyond. As an urban research university with a teaching soul, UMass Boston's fast-growing multidisciplinary approaches to research focus on the needs of our communities.

UMass Boston now leads the Boston Science Partnership (BSP), a teacher development program that focuses on improving science education in Boston from middle school through graduate school and boosting student enrollment in Advanced Placement (AP) science programs.

Groundbreaking Research

Distinguished professor of biology Kamaljit Bawa has been at the forefront of groundbreaking biology and climate change research for five decades. The evolutionary ecologist and conservation biologist was among the first researchers to consider the role of sexual selection in the evolution of plant breeding systems and to use DNA sequences to study the genetic makeup of tropical forest trees.

"One dreams of getting such a recognition, but really do[es] not expect much in reality, as there are a very large number of people out there doing extraordinary work," Bawa says.

READ MORE AT umbinternationaldirect.org

"We are able to bring researchers from Dana-Farber with expertise in cancer research and experts from UMass Boston in various aspects of science and sociology. For our project there is no way we could do this work without the partnership of UMass Boston and the diversity it brings, and the expertise, and the community-based research."

— ANDREA C. ENZINGER, MD, INSTRUCTOR OF MEDICINE, HARVARD MEDICINE SCHOOL AND DANA-FARBER CANCER INSTITUTE

Projects, Partnership, and Research

LEARN. PRACTICE. LAUNCH.

The Center for Innovation and Entrepreneurship gives students hands-on experience to create their own companies. Through interactive events and programs, students develop an innovative mindset and test the waters of entrepreneurship.

COLLABORATIVE RESEARCH

UMass Boston's partnership with the Dana-Farber/Harvard Cancer Center provides opportunities for faculty and students to conduct cancer research in underserved populations. The center—which has received more than \$600 million in funding—includes seven academic medical institutions and schools and has a team of more than 1,000 cancer researchers.

CUTTING-EDGE RESEARCH

The Network Information Systems Laboratory's primary mission is to perform cutting-edge research in emerging areas of computer networking, distributed systems, and information systems.

- Collaborate on advanced network technology projects.
- Engage in interdisciplinary research and development.
- Get hands-on training at top Boston institutions.

Experience. Connection. Success.

As a UMass Boston student, you have direct access to downtown Boston, home to a rich, vibrant culture and one of the nation's strongest economies. We provide connections to employers in growth industries, such as finance, health care, technology, service, and education. You will have opportunities to gain valuable experience through internships, clinical studies, and career-related placements.

“ I chose UMass Boston because it was very affordable and the diversity on the campus was simply amazing. ”

– EVANS, BIOLOGY, UNITED STATES

A World-Class Education

COLLEGE OF MANAGEMENT

UMass Boston's graduate degrees are designed to prepare students for rewarding careers in the rapidly growing and changing fields of business. Ranked as one of the "Best Business Schools" by The Princeton Review, the College of Management offers many paths to success.

COLLEGE OF SCIENCES

Our Master's in Computer Science program prepares you for a challenging career in software development, computer science, security engineering, and more. This innovative program stresses the integration of theoretical knowledge and practical application.

“I was drawn to UMass Boston's strong computer science program and diverse student body. I had the opportunity to be a supplemental instruction leader for an 'Introduction to Computing' course.”

– MICHELE, COMPUTER SCIENCE, SAUDI ARABIA

Bright Future, Right Now

STRONG ALUMNI NETWORK

More than 1,700 alumni work and thrive at major financial institutions and Fortune 500 companies in Boston and around the world.

BIG IDEAS START HERE

Ready to change the world? The Venture Development Center is UMass Boston's business incubator for technology and life sciences start-up companies. The center provides career mentorship and resources for entrepreneurial students. Since the center's launch in 2009, nearly 2,000 students have participated in courses, internships, and jobs.

HEART OF TECH

Corporate innovation hubs located in Boston and Cambridge include:

- Amazon.com, Inc
- ASICS Group
- Autodesk BUILD
- CVS Health Digital Innovations Lab
- Facebook (Cambridge campus)
- Fidelity Labs
- Google (Cambridge campus)
- IMB Watson Health and IBM Research
- Microsoft NERD
- Mitsubishi Electric Research Laboratories (MERL)
